# ROCA News Letter

*...raising world changers*

## NEWS & UPDATE

Dear Parent,

I trust you are doing well. We give God the glory for His abundant grace upon us all and for bringing us to the end of the term.

I want to appreciate you deeply for your sacrifice all through the term, to ensure that your children are in class and well set up for learning.

It's my constant prayer that your labor of love over your children shall not be in vain.

### Important Information

#### Holidays

Classes end tomorrow April 15, 2023.

The holidays begin afterwards.

#### Resumption Date

The new term resumes on Saturday, May 20, 2023.

# EQUIPPED 2 THRIVE

I would like to also inform you that we now have a stand-alone academy for all our child-related programs and online classes.

**ROCA - Raising Outstanding Children Academy** is a place where we collaborate with parents to raise outstanding children who will thrive in life while creating positive change in their world for the kingdom.

We know schedules are tight for parents/guardians, and so we are bridging the gap with our lessons to ensure that our dear children do not miss out on balanced learning asides their academics.

Going forward, the program the children are in presently will now be called **Equipped 2 Thrive**. It is the same program, but an upgraded version.

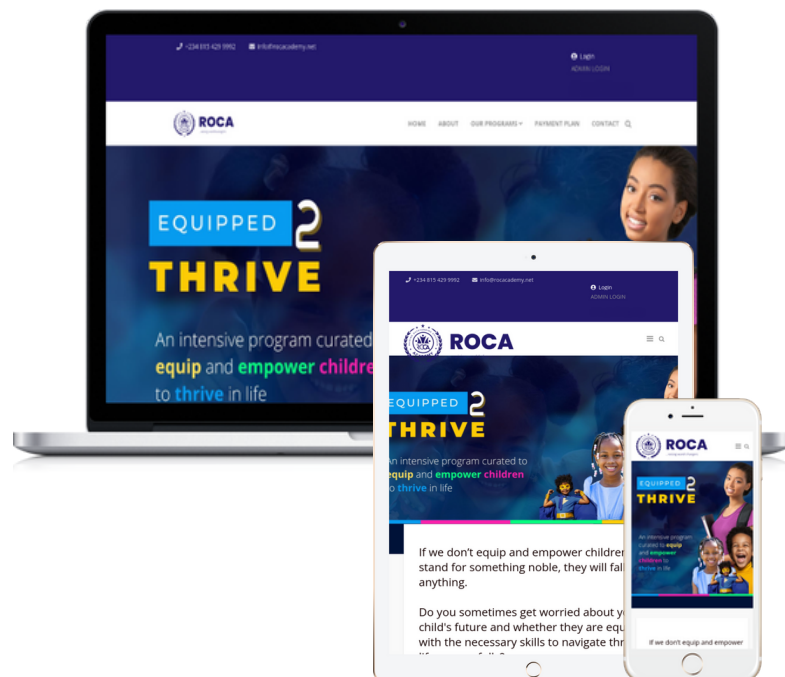

## Automated Learning Platform

It is with great joy and excitement that I announce that our Learning Portal is 80% ready.

This is a big deal for us because it will guarantee seamless learning for our dear participants.

They will be able to access classes and take their quiz in their portal before coming for the usual live class on Saturdays, as well as get other useful information.

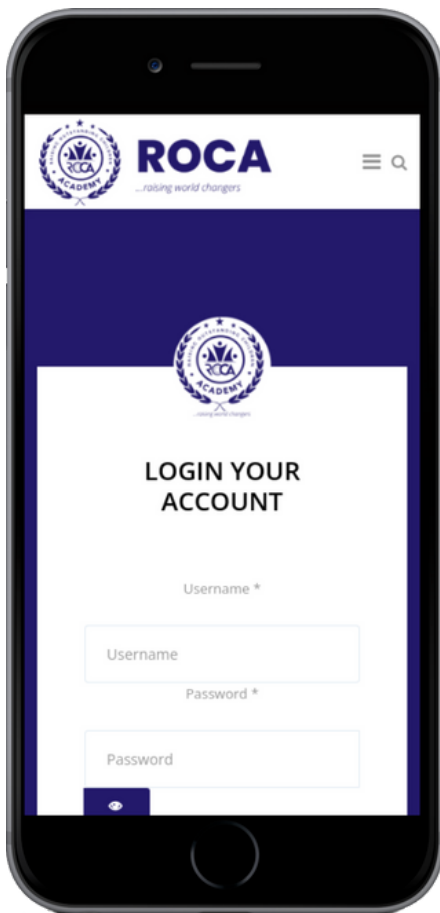

# Onboarding of Participants

We would be onboarding all the participants so that their portals can be created. So you would need to register your children again via the link below.

[www.rocademy.net/set2022](http://www.rocademy.net/set2022)

When you navigate the website [www.rocademy.net](http://www.rocademy.net), you will find that the monthly fee is **15,000** as against the **10,000** which you have paid in the past, this amount is for participants who will be joining us in the academy for the first time. However, you can still pay the regular fees which are **10,000** monthly or 30,000 termly. You can make payment with the first link above.

If you need a payment plan, you want to pay the fees in installments, or you need to clarify any information as regards the fees, kindly reach out to me via **0815-429-9992** (call/WhatsApp)

## Payment of Fees

We appreciate your commitment so far. If you need clarification as regards the fees, kindly reach out to me. For payment of outstanding fees, you can also clarify with me.

## The Learning Portal

From next term, participants will be able to access the class lesson as a video in their portal.

### Here's how it works;

Let's say we have a class on Hearing from God next week Saturday, by Saturday this week, the pre-recorded video lesson on that topic will be uploaded for the child to access in his portal.

The child watches the video uninterrupted, understands the concept, takes the quiz attached to the video lesson, and then comes to the live class (which we have been having) the next Saturday when we will all review the lesson they have watched, ask questions and do further explanations where necessary.

The live class will now be for 1 hour as against 90 minutes because the children have already accessed an uninterrupted video of the lesson earlier in the week.

The child can always go back to watch the videos as long as his subscription is still active. I believe this is a win for us all because the children will learn better with fewer distractions.

## Feedback

If you are unhappy with us, kindly share your complaints with me via call/WhatsApp 0815-429-9992, we appreciate your feedback.

If you are happy with us, kindly refer us to your friends, families, schools, and other parents. We are on a mission to raise well-balanced children who will make a formidable impact in their world.

## Reviews

We will be sending review sheets to you to get your feedback about the program.

We would love to hear from you. Kindly oblige us.

More information will be shared as of when due.

Thank you for allowing me to collaborate with you in the journey of raising your children.

Thank you for allowing me to be a part of their lives.

It is my prayer that they will fulfill God's purpose for their lives in grand style.

They will shine as lights in their world and flavor the world with their essence as the salt of the earth.

Happy Holidays!

**Blessings!!!**
